MEMORANDUM FOR RECORD

APR 06 2020

FROM: 42 ABW/CC
50 LeMay Plaza South
Maxwell AFB, AL 36112

SUBJECT: Declaration of a Public Health Emergency on Maxwell AFB and Gunter Annex

1. I have been continuously updated by my Public Health Emergency Officer (PHEO) of the public health situation on Maxwell AFB and Gunter Annex, and the regional area, involving the Coronavirus (COVID-19) that now requires immediate action. Based on the PHEO's recommendations and the results of ongoing analysis and situational monitoring, I am declaring a public health emergency in accordance with DoD Instruction (DoDI) 6200.03, "Public Health Emergency Management Within the DoD," and Air Force Instruction (AFI) 10-2519, "Public Health Emergencies and Incidents of Public Concern." This declaration will terminate automatically 30 days from the date of this memorandum unless it is reviewed and re-reported, or terminated sooner by myself or a senior commander in the chain of command.
2. Based on information provided by the installation PHEO and our medical personnel, I will identify, confirm, and control this public health emergency utilizing all the necessary means outlined in DoDI 6200.03 and AFI 10-2519. As needed, I will issue guidance that affects the installation personnel and property, and other individuals working, residing, or visiting the installation (e.g. closing base facilities, restricting movement, or implementing quarantine for selected individuals).
3. The installation command team and the PHEO will coordinate activities and share information with federal, state, and local officials responsible for public health and public safety to ensure our response is appropriate for the public health emergency. Shared information may include personally identifiable health information only to the extent necessary to protect the public health and safety.
4. Any person who refuses to obey or otherwise violates an order during this declared public health emergency may be detained. Those not subject to military law may be detained until civil authorities can respond. Violators of procedures, protocols, provisions, and/or orders issued in conjunction with this public health emergency may be charged with a crime under the Uniform Code of Military Justice and/or under United States Code, Section 271. Pursuant to 42 U.S.C. § 271, violators are subject to a fine up to \$1,000 or imprisonment for not more than one year, or both.

A handwritten signature in black ink, appearing to read "P. J. Carley", is positioned above the typed name.
