## Force Development News

ISSUE 09 – 1st Quarter 2024

### Top Headlines

- **DAF National Mentoring Month 2024**  
Begins in January and will include multiple events across the month. This year's theme is "Are You Ready?" which focuses on the role mentoring plays in key task orders and efforts to enhance DAF readiness and warfighting capabilities. [Read More](#)
- **AETC reveals Department of the Air Force Learning Record (DAFLR)**  
The DAFLR will roll out in multiple phases beginning with HQ AETC, 2AF, and 19 AF in the first quarter of 2024. The Air Force-wide roll out by MAJCOM will occur by the end of 2024. [Read More](#)
- **Announcing the AY25 Civilian Development (CD) Nomination Call**  
The Personnel Services Delivery Message (PSDM) will post on the myFSS Civilian Force Development homepage. As a reminder, the AY25 Nomination Call window will open on 10 Jan 2024 and will close to applicants on 16 Feb 2024. [Read More](#)
- **2024 Civilian Leadership Development School (CLDS) Schedules**  
The CLDS schedule and registration information for online courses has been posted. [Read More](#)

- [2024 Learning Professionals' Consortium \(LPC – 24\) will open for registration on 15 January 2024](#)  
This year's event, presented virtually, will take place on 13 – 14 Mar 2024 with the theme Empowering Minds: Engineering a Learning Evolution. Visit the website for more information and to register. [Read More](#)
- [Air Force Coaching podcast with BetterUp](#)  
AETC/A1 has released a podcast featuring Air Force members' experiences with coaching and how coaching can contribute to personal and professional success and transformation. [Read More](#)
- [Civilian Leadership Development School Book Discussions](#)  
Do you want to improve interpersonal relationships, enhance problem-solving, and team collaboration, as well as many other leadership skills? [Read More](#)
- [Learning Professionals' Question and Answer](#)  
The Learning Professionals' Question and Answer (LP Question & Answer) events have been set for the first half of 2024. The goal for these events is to keep Air Force Learning Professionals engaged with presenters and topics of interest from other groups from across the Department of Defense, industry, and academia. With monthly events, the LP Question & Answer is a great training tool, offering the opportunity to use the events/recordings as the basis for team discussions on the topics or incorporate recordings and resources into existing training plans. [Read More](#)

- **Performance Management Coaching**  
Air University's CLDS is offering courses on Performance Management Coaching, designed to develop competencies required to enhance employee performance through use of coaching skills. [Read More](#)
- **Faculty Qualification Tracking Tool Enhancements Kickstart a Wider Onboarding of CCAF Instructors**  
One of the most critical needs was the ability to quickly import thousands of instructor qualification records tracked locally on homegrown databases or spreadsheets. This new feature is forecasted to save several hundred hours of manual entry. [Read More](#)
- **Treasury Executive Institute offers a variety of sessions for civilian government leaders**  
Some examples for January 2024: Well-Being for High Performance. Workshops: Make Your Message Count and Business of Paradigms. [Read More](#)
- **Civilian Leadership Development School Mentoring Workshop**  
In conjunction with the Air Force's National Mentoring Month initiative, the CLDS

Supervisors and Employees Resource Center will host a mentoring workshop on 31 Jan 2024 @ 1100 – 1200 EST. Experience a live virtual mentoring workshop to improve employee performance planning, goals, and outcomes. [Read More](#)

- [Check out the Newest Developmental Special Experience \(DSE\) Listings](#)  
DSEs provide Air and Space Professionals opportunities to gain or enhance competencies. DSEs are typically external to an individual's primary duties. [Read More](#)
- [Student Success Center](#)  
AETC/A3BP recently launched the Student Success Center (S2C) section on the Learning Professionals website. The goal of the S2C is to support students in their learning journeys and encourage academic achievement. [Read More](#)

- [Forging a Foundation: Basic Military Training](#)  
AETC to adapt and transition to a learner-centric model and incorporate more digital-age techniques. [Read More](#)

- [United States Space Force \(USSF\) - Newsletters](#)

For the latest news regarding USSF and for access to current and archived newsletters, visit their SharePoint. [Read More](#)
