

Adobe Captivate Lesson Development Badge

Description: Earners of this designation successfully developed learning modules utilizing the Adobe Captivate program. Earners are able to add standard objects such as text captions, images, characters, record, import and edit audio and video, and add interactivity via click boxes, buttons and text entry boxes.

Criteria: Creation of a 20-45 minute Computer Based Instruction lesson on a topic using Adobe Captivate. Lesson contains responsive format, uniformed theme, self-created audio and video, time-lined transitions, animated objects, screen capture demonstration, and quiz with Drag and Drop interactions. Must contain all required elements.

Did the computer based instruction lesson contain:

Responsive format	Yes	No
Uniformed theme	Yes	No
Self-created audio	Yes	No
Self-created video	Yes	No
Time-lined transitions	Yes	No
Animated objects	Yes	No
Screen capture demonstration	Yes	No
Quiz with drag and drop interaction	Yes	No

Was the computer based instruction lesson:

20-45 minutes in length	Yes	No
